Kate Dvorak (present at meeting), 2727 Red Fox Lane, owns the garden located on Homestead Road. Kate stated she did not look at any information regarding the Right of Way and thought her garden was on her own property, not knowing where her property lines actually were.

Discussion ensued and the Committee did not want to set precedence. They were in support of allowing the garden in the City Right of Way during the remainder of the growing season with the understanding it would be removed by November 1, 2023.

case a private decision. G. Minikel stated that this situation has been brought before the committee as the majority of the neighborhood is against the sidewalks.
