8th Street – Maritime Drive
Manitowoc County

Welcome to the public informational meeting to discuss the reconstruction of US 10/STH 42 (Waldo Boulevard) from CTH R to Maritime Drive.

Purpose of the meeting
The intent of the meeting is to inform you about the proposed project and to receive input from you in regards to the project.

This meeting will begin at 5:00 p.m. At 5:15 p.m. a formal presentation will be held explaining the displays and project, after which you can view the displays and ask representatives of the Wisconsin Department of Transportation and members of the design team any questions.

Project Information
The project area extends from County R to Maritime Drive. The purpose of the project is to address the deteriorating pavement structure that has reached the end of its service life, and to evaluate safety improvements along the corridor.

Waldo Boulevard is currently proposed to be reconstructed from Fleetwood Drive to 5th Street to address the deteriorating pavement structure, sidewalk, and curb and gutter. Project improvements also include Waldo Boulevard being resurfaced between County R and Fleetwood Drive and from 5th Street to Maritime Drive. Further improvements will include intersection improvements, storm sewer upgrades, and the rehabilitation of the bridge over the Canadian National Railroad.

Intersection improvements include potential roundabouts at the intersections of County R and Maritime Drive and a reconfiguration of the Menasha Avenue intersection. In addition, the design team is considering converting Waldo Boulevard from a four-lane roadway to a two-lane roadway with two-way left-turn lane in the median and bike lanes.

Project Update/Schedule
WisDOT held an Advisory Committee Meeting with local officials to discuss design considerations on September 27, 2012.

Preliminary roadway design is scheduled to be complete in the summer of 2013. Afterwards, another Public Information Meeting will be held to discuss preliminary plans. Construction is currently anticipated to begin in the summer of 2016.
Public Comments
We encourage you to review the displays, talk to the project representatives and ask them any questions you may have. A comment form is attached to this handout for providing written comments. You may leave your comment form at today's meeting or mail it on or before November 30, 2012. If you have any additional questions or need information in the future, you may contact the WisDOT Project Manager listed below:
