Early Warning Siren System

Thunderstorm Warning

The sirens will sound for 1 minute with an oscillating tone.

Tornado Warning

The sirens will sound for 3 minutes with a solid tone.

If the sirens are activated you should seek shelter and tune into your local TV station.

The Manitowoc Fire Rescue Department recommends that you purchase a NOAA Weather Radio for up to the minute weather reports. The early warning siren is meant for outdoor notification and may not be heard in your home.
