

## 1015 Franklin Street

### ABOUT THE PROJECT

Originally built in the 1940s, support for this project helped to restore existing brick and replace brick to match the original storefront. Originally built as Wm. Schaus & Son in the downtown corridor, the building will be used as both a personal residence, with long-term plans to possibly add business space on the lower level.

### PROJECT HIGHLIGHTS

- \$17,000 Façade Grant Award
- \$110,000+ estimated restoration project; \$950,000+ estimated full renovation cost
- Matched and replaced existing brick and masonry
- Reinstated original storefronts
